

salmon **a**rm **Expression of Interest**
a **r**ts **In Dialogue with the Collection: Fierce Female Artists**
cen **t**re **March 8 to April 30, 2025 at Salmon Arm Art Gallery**

Curator Tracey Kutschker would like to invite artists working in all media to submit proposals that are in dialogue with the Community Art Collection, specifically women artists who have demonstrated strength and resilience in response to significant barriers.

Artists represented in the collection include Louise Silver, Marie Manson, Mary Thomas, Vivian Lindoe, Delores Purdaby, Faye Fawcett, Alice Montjoy and Chris Czajkowski. The stories of these women artists reflect true female power in their efforts to overcome life's most difficult circumstances. The specific artworks and short biographies of each of these artists is available upon email request to curator@salmonarmartscentre.ca.

Artists are asked to submit their idea (and if you are new to the Art Gallery, an image of previous work) by email before September 30, 2024. Artists have the option of working with SAAG's curatorial team to help develop their ideas and plans. To discuss ideas before submitting an expression of interest, contact Tracey at curator@salmonarmartscentre.ca. Digital files can be emailed to the same address.
